

# TAKING CARE OF MEMBERS SINCE 1907

For over 112 years the  
PGA has always put the  
interest of our members first.

Whether running a station, mustering cattle, producing sheep or growing grain, our members know the benefits of belonging to WA's most influential primary producer association.

This is why the PGA was the first organisation in WA to support:

- Live sheep and cattle exports
- Funding for wild dog control
- Pastoral lease tenure reform
- Private property rights
- Introduction of GM crops
- Removing the single desk for wheat
- Introduction of Farm Management Deposits
- Removal of the Wool Reserve Price Scheme
- Removal of the Lamb Marketing Board
- Equal representation for pastoralists in native title

Join our members today. To find out how, email us at [pga@pgaofwa.org.au](mailto:pga@pgaofwa.org.au)
