

## Quote on Your Crop Insurance Program for the 2018 Season and enter for a chance to win a Polaris Ranger Side by Side valued at \$15,000

At Bresland Insurance Group (B.I.G) we pride ourselves in making certain that our clients have the right protection and coverage in place. B.I.G. have a long and proud history of supporting the rural community in Western Australia and are focused on delivering quality insurance advice and products at competitive prices. We help protect the livelihood and sustainability of local farmers by effective risk management and arranging bespoke insurance policies on their behalf.

The importance of arranging the right type of insurance cannot be understated and we'd like to share some further information with you on **AFTER HARVEST CROP Insurance**.

With **"After Harvest" Crop insurance**, your premium is calculated **AFTER** harvest and you only pay your premium on what you **Harvest**. We believe this is the fairest method of crop insurance as you are paid on the crop yield and you only **PAY Premium** on what you grow. Other benefits include:

- No excess on Wheat, Barley, Oats and even Lupins.
- For crops like Canola with an excess the excess is based on the damaged area *not total hectare per paddock*.
- Claims are based on potential yields.
- Depending on your area our insurer is the only insurer with **no cap restrictions**.
- We only need total area by crop with an average yield over each type of crop and mid-point Latitudes and longitudes
- Usual extensions such as Straying Livestock, Chemical Overspray, Transit and other benefits

Below is a no obligation crop insurance quote form. Please complete and return this to our office by either email to [bresland@bresland.com.au](mailto:bresland@bresland.com.au), mail to PO BOX 21, Victoria Park 6979 or fax to (08) 6253 6250. By us providing you with a quote on your crop insurance you **automatically enter the draw** for a chance to win the **Polaris Ranger Side by Side valued at \$15,000**. (drawn at Dowerin Field Days) We will be at **DOWERIN FIELD DAYS** on the 29<sup>th</sup> and 30<sup>th</sup> August 2018. Our site will be located on the football oval in the— **Site 36**. Come say hello and join us for a barista made coffee or a refreshing drink at our sundowner.
