

An Evening with Patrick Moore

Internationally-renowned science and public policy speaker, Dr Patrick Moore, a founding member of Greenpeace, will deliver two consecutive lectures on Saturday November 1st at C3 Church, 95A Waratah Avenue, Dalkeith.

- **Lecture 1 – Genetically Modified (GM) Crop Breeding: The Controversy and the Science** – beginning at 4.00pm.
- **Lecture 2 – The Climate Change Scare: Where’s all the fuss at today?** – beginning at 5.30pm.

Dr. Patrick Moore has been a leader in the international environmental field for over 40 years. He is a co-founder of Greenpeace serving nine years as President of Greenpeace Canada and seven years as a Director of Greenpeace International where he was the driving force behind Greenpeace becoming the world’s largest environmental activist organization.

He left Greenpeace in 1986 over concerns about its anti-science and extremist policies - yet remains passionate about the environment, viewing himself as a “sensible environmentalist”.

Cost of entry is \$20 and \$10 for students (which cover both events). There is limited seating for this event.

Register now through Sonya at the Pastoralists and Graziers Association on 9212 6900 or book on the website – www.trybooking.com/GEHV
