UPDATE

Our reference: **D12#13087**

HVO 4-2012

Road works on Roe Highway near Clayton Street exits

Main Roads advises the transport industry that the continuing works on the Roe Highway / Great Eastern Highway Interchange Project will involve restrictions affecting oversize combinations.

Period

Works will occur on the weekend of 21 and 22 January 2012.

The restrictions arising from the works will be in effect from 6pm on Friday 20 January to sunrise on Monday 23 January 2012.

Conditions

A contra flow will be in place on Roe Highway with one lane 3.5 m wide for northbound traffic, and one lane 3.5 m wide for southbound traffic.

Operators transporting oversize loads wider than 3.5 m **must** contact the site supervisor **on the day of movement** to ensure that arrangements are made to accommodate their load.

Contact

MacMahon Contractors: Site Supervisor, David Taylor, on 0409 082 945.

Cancellation

This HVO Update will self-cancel when the works are complete.
